Promoting Shanghai Municipal Solid Waste(MSW) Disposal by Establishing 'We Five' on MSW classification

- **Wang Nuan**
- **School of Environmental Science and Engineering, SJTU.200240**

✧ Shanghai is facing a serious problem in dealing with MSW, there is a tendency that a relatively large fraction of recyclable materials flows into household waste, either be landfilled or incinerated. Even there is categories trash, people don't know how to drop the litter correspondingly. Education on household waste separation to increase the public awareness and participation is the most fundamental measure to enhance the effect of MSW final treatment effect and is helpful for promoting the mandatory laws related to municipal solid waste separation.

- ✦ **Our Organization:** 'We Five' is made up by 5 students in Shanghai Jiaotong University
- ✦ **Our Dream :** Share the household waste classification knowledge in every committee of Shanghai
- ✦ **Our Responsibility:** Connect all the stakeholders including householders, community volunteers, recyclers and sanitation organizations together. Take every residential area as a unit ,the residential committee of every residential area is our base camp.
- ✦ **Our Spirit:** Sharing is caring!
- ✦ **Our Expectation:** promote for the introduction of mandatory **laws related to municipal solid waste separation.**
